**Chess Visionaries Academy (Founder)**  
***April 2021 to Present***  
**(All Levels, Students currently under my coaching are from USA, Singapore, Denmark, India & in future would be growing more)**

**All Access Chess**  
***June 2021 to January 2022***

All Access Chess was founded by Jim and Katie Freerksen, US Chess Tournament Directors whose passion is to build a larger community of rated chess players. All Access Chess came from the realization that creating an online community for rated tournament chess would allow us to overcome geographical challenges, financial barriers and scheduling conflicts that have plagued groups attempting to run regular, in person chess tournaments for years.

AAC plan to revolutionize the chess world by making online rated tournament chess a welcoming, user friendly environment where players feel as comfortable participating in tournaments as they would feel playing a little league game or calling a family member through Zoom meeting.
