Employment

Chess Coach

I have started chess coaching this March and I'm the coach for Dharmaraja College under 13 and 15 chess pools. I also conduct private lessons via zoom.

What I Offer:

Extensive Playing Background: With more than 10 years of active involvement in chess, I bring a wealth of experience and insights into the complexities of the game.

Customized Learning Experience: My classes are not just sessions; they are comprehensive experiences where students receive homework assignments and personalized work plans to elevate their chess proficiency.

Mentorship and Guidance: As a coach, I prioritize mentorship, offering guidance that extends beyond the chessboard. I aim to instill confidence, critical thinking, and a lifelong love for the game in my students.
