

(Verse 1)

There's a guy named George, he's the king of the board,
With a mind sharp as a blade, can't be ignored.
He moves his pieces with grace and flair,
He's the grandmaster, beware if you dare.

(Pre-Chorus)

With a Mountain Dew in his hand,
He's got a strategy, he's got a plan.
Night and day, he's never through,
Playing chess, sipping Mountain Dew.

(Chorus)

Oh George, you're a legend in our time,
With Vinny by your side, you're in your prime.
Checkmates and raptors, what a sight to see,
George and Vinny, what a legacy.

(Verse 2)

Vinny's a velociraptor, fast and lean,
The coolest pet that you've ever seen.
Together they conquer the chessboard scene,
A dynamic duo, like out of a dream.

(Pre-Chorus)

With a Mountain Dew in his hand,
He's got a strategy, he's got a plan.
Night and day, he's never through,
Playing chess, sipping Mountain Dew.

(Chorus)

Oh George, you're a legend in our time,
With Vinny by your side, you're in your prime.
Checkmates and raptors, what a sight to see,
George and Vinny, what a legacy.

(Bridge)

Late nights, bright lights, the Dew flows like a stream,
George and Vinny, living the dream.
One move, one sip, they're in sync, they're in tune,
Chessboard battles, under the moon.

(Chorus)

Oh George, you're a legend in our time,
With Vinny by your side, you're in your prime.
Checkmates and raptors, what a sight to see,
George and Vinny, what a legacy.

(Outro)

So here's to George, the master of the game,
And Vinny, his raptor, wild and untamed.
With Mountain Dew and chess, they'll never rest,
George and Vinny, simply the best.
